Useful information

Posters & training aids for free

Please pass to your Data Security & Business Manager

We understand that **learning** & **changing** behaviour with respect to **data** & **cyber security** takes time.

It's not as if it is simple either – there is a lot of **legislation** which has to be considered & a lot of **risk** to manage.

Getting it right at a **basic** level isn't too hard & we want to do our bit to **simplify**, **reassure** & **help**.

That's why we make plenty of **free resources** available.

We have a lot of information on our **website** – if you haven't checked it out it is here.

Our **Bulletins** give loads of free advice relating to all of our services.

This includes '6 weeks of advice' on **Cyber Security** which we delivered in the summer. If you **missed** this & want to have a **look**, the bulletins are here.

We also have free downloadable **posters** about **Data Security** & also what to do if a **Whistleblow** is needed.

They are colour A4 so really **easy** to print & display. Have a look at one of them here.

Posters relate both to a range of environments & the **full set** can be found via this link.

We also make some podcasts available. These cover **Data Protection**, **Business Continuity** & **more**. These have been really popular so well worth a listen.

Our **DPO customers** also have a Members Area to access & use. This is packed with additional resources, templates & guidance.

If already a member you will need your password available but if not & you want to talk about **joining** us we would be really happy to discuss.

Drop us a line & we will happily get this arranged. Contact:

Steve_Debruin@bathnes.gov.uk or

Jo_Buchan@bathnes.gov.uk

Thanks & we look forward to telling you more.

The One West **Business** team.
